## HEADPHONE

## Orpheo Airset headphone

ORPHEO Airset has been created as a solution for tourism and cultural sites visitors. It provides site solutions for operations including hygiene, durability, cost and ease of use.

- *User-friendly design: user is not isolated from the other visitors and can hear ambient noise*
- *Comfortable and light*
- *Compatible with hearing aids*
- *Intuitive (positioning drawing inside the headphone)*
- *Easy storage (disconnecting cables)*
- *Substantial reduction in cleaning costs and hygienic maintenance*
- *Designed and manufactured in France*
- *1 year warranty*

Since 1992, Orpheo has been a leading innovator in the world of visitor tour solutions.  
Each day, millions of visitors use Orpheo solutions around the world.

**Hygienic :** no contact with the ear (external nor internal). No cleaning needed.

**Open:** non isolating for the user who can communicate with the other visitors and hear the surrounding ambient noises. The sound is guided towards the ear and doesn't disrupt the other visitors.

**Intuitive:** drawings inside the headphones indicate the correct positioning over the head.

**Comfortable:** light and user-friendly for a nice and comfortable visit. No pressure put on the ears, as the headphone is simply put on the temples, above the ear.

**Adjustable size:** the support hoop is compatible with an accessory for young public.

**Durable:** made in France, all parts of this headphone are repairable or replaceable.

**Easy Management:** Jack cable can be disconnected for an easy storage. Curved connector to avoid disconnection during the visit.

**Acoustic: 8 ohms**

**Sound pressure level (SPL@1kHz): 72 dB**

**Response in frequencies: 400—20K**

**Sensitivity: 72dB@1W/1m**

**Continuous pressure: 700mW Nom /1000mW Max**

**Ear-coupling: Highly open**
